

EACH ONE [] [] SECURE ONE

Dear Friends,

Indian democracy is taking another step forward by taking all of us through another bout of grand electoral fight. It is indeed an amazing nation which perpetually remains in election mode right from Gram Panchayat to the Rashtrapati Bhawan. This has become a major contributor to our national economy as most of the accumulated wealth goes back to people in one form to another. Democracy is Great!! God bless this Nation.

Few weeks ago I had the privilege of meeting Mr. Sriprakash Jaiswal, Minister of State for Home Affairs and discussed various aspects of Private Security Industry. I found him very positive towards PSI and assured total supports if his party comes back to power again. I also met few more national leaders of various parties and discussed critical issues concerning National Security and Role of PSI. Every leader I met showed greater confidence in us and assured support in the New Parliament. Private Detective Agencies Regulation Bill has been sent back to Home Ministry for "RE-LOOK". This is a positive development as some of the apprehensions of the Parliamentary Standing Committee will be addressed more effectively. The Governing Council of APDI met in New Delhi and discussed the future of our profession in the light of the issues raised by the Committee. A special committee of APDI has been constituted to develop a strategy so that wider interests of Indian Private Detectives are soundly protected. Quality Delivery and professionalism are the key words which will take all of us forward.

Let us all VOTE for a good Government.

Kunwar Vikram Singh, Chairman - CAPSI delivering his Welcome Address during ASSOCHAM Conference

Kunwar Vikram Singh, Chairman, CAPSI & APDI was requested by the ASSOCHAM to be the Chairman of the one day Conference on "National Security : The Role of India Inc." For their members and the Industry Leaders. During the opening address of the Conference held on the 21 January 2009 at the ASSOCHAM House, New Delhi, Kunwar Vikram Singh gave a detailed account of the Security Industry. He apprised all present about the 60 Lac security personnel deployed all over the country by approximately 15000 security agencies. He emphasized that the Security Industry is the

maximum corporate taxpayers and the job provider in the Country. Kunwar Vikram Singh also touched upon the MoU which have been signed between the CAPSI and the Rajasthan & Punjab Governments. Now the training and the employment of the Security Guards are being coordinated by the CAPSI with these two Governments. The Conference was over subscribed by the industry Leaders and very fruitful recommendations / suggestions were offered by the participants during the deliberations.

CAPSI invited Security Agencies for a meeting at Chandigarh

CAPSI invited all the private security industry leaders operating in Punjab & Chandigarh for a meeting at Defense Services Officers Institute, Chandigarh from 1430 hrs to 1630 hrs on the 30 January 2009 for an interaction with the Controlling Authority, Punjab and the Managing Director, Punjab Police Security Corporation. The meeting was attended by the owners / proprietors of more than 60 Security Agencies during the meeting. During the welcome address by Kunwar Vikram Singh, Chairman, CAPSI & APDI said that this being the first meeting after the signing in ceremony of the MoU between the CAPSI & PPSC, he considered it most appropriate to arrange for the common platform for free and frank deliberations between the Security Agencies & the Controlling Authority. He further apprised all present about the importance and the demands being placed on the Security agencies, especially after 26/11 incidents at Mumbai. Kunwar Vikram Singh thanked Mr. Chaddha and Mr. Tiwari to have exceeded to his request to attend this Meeting. He also thanked Lt. Gen. S.S. Chahal, Governor, CAPSI and Mr. Jasbir S. Wasu, CAPSI Chairman, Delhi Chapter for having come from Gurgaon and Delhi respectively for the Meeting.

Chadha for the automation of licenses to the Security Agencies

Mr. H R Chadha, IPS, Controlling Authority, Punjab during his address complimented Kunwar Vikram Singh, CAPSI Chairman for organizing and mobilizing the Security Agencies for the meeting. He also apprised all present about the number of applications that have been received for processing for the grant of licenses from his office. He further informed that the last date for submission of the applications have since been extended to 28 February 2009 to enable the security agencies to apply for the licences. He also shared that his office is in advance stage of creating web site, through which the data could be fed by the security agencies and his office will process their applications at their end to save time and efforts of the security agencies. All present applauded the initiative of the Controlling Authority and welcomed the move for the benefit of the security agencies. Mr. Chadha was presented a "Each One Secure One" campaign memento by Chairman CAPSI.

Tiwari unfolds criteria for the Security Institutions in Punjab

Mr. M K Tiwari, IPS, Managing Director, PPSC addressing the audience during the Meeting

Mr. M K Tiwari, IPS, Managing Director, Punjab Police Security Corporation thanked Kunwar Vikram Singh, Chairman CAPSI & APDI for inviting him for the meeting after having signed the MoU during the month of December 2008. He said that the most important aspect is the training of the Security personnel, who are being deployed by the Security Agencies. He also informed all present about the various courses being conducted under him at the Punjab Security Training Institute, Jahan Khelan, Hoshiarpur, which have been so far been very very successful. He also apprised every one about the six months Diploma Course, being also now planned by him and recommended that the security agencies should promote and can make use of these courses for their Security forces. He also mentioned that since training is one of the requirements as such the security agencies could forward the details of their training institute in accordance with the minimum requirement, given out by Mr. Tiwari to all present, to enable the Controlling Authority to recognize the institutions with in the state of Punjab.

Hard copy of the minimum standards for the security training institute was handed over to all the participants for their comments and recommendations. Mr. Tiwari also congratulated Kunwar Vikram Singh for his efforts in promoting CAPSI all over the Country. Mr. Tiwari was presented a "Each One Secure One" campaign memento by Chairman CAPSI.

Notes From Secy. General

Dear Friends,

I, agree with Col. (Dr) Rajive Kohli, consultant CAPSI & APDI that Quality Control of India is also thinking of security training which is the need of the hour. The

twin organizations are working with the determined approach for the safety of the nation.

The basic training to the security personnels has become need of the hour so that they can carry out duties at respective sites as desired by their respective clients in accordance with their site instructions.

Rozgar Sahayata Shivirs which are being held at regular intervals in the various States like Rajasthan, Punjab and Orissa are turning out to be grand success. These shivirs are providing an excellent opportunity to the companies from all over India to make an appropriate selection for the vacant positions in their prestigious organisations.

I welcome all office bearers of Punjab Chapter and expect whole hearted support from them.

Through this column I again request all of you to increase the membership base of twin organisations and renew the existing membership at the earliest.

Regards

Mahesh C. Sharma

CAPSI Delhi Chapter organizes 'Knowledge Series 1' Seminar

Guest of Honour Sh. Ajay Kashyap, IPS (Jt. Commissioner of Police-Southern Range, Delhi) with other Dignitaries during the Seminar

CAPSI Delhi Chapter held its 'Knowledge Series-1' Seminar cum networking on Feb.21st at TIVOLI GARDEN's Ball Room. "The event was the first of the Delhi Chapter's quarterly series designed for addressing and sharing of industry problems and best practices. The cocktails and lunch were planned to provide adequate time and space for the delegates and invitees to network for business and profession", said Chapter Chairman Jasbir Wasu. In his address he said that these series would be targeted at identifying the ills that ail our industry and that having done so, to find ways and means to set them right. It will be our endeavor to throw up ideas that impact the growth of our profession and industry. These sessions will explore

appetites that express lack of accountability in service to customers and also engage in joint exercises that will turn ordinary opportunities into lucrative business models. The 'Knowledge Series' will permit us to periodically revisit and reaffirm industry core values and associated behaviors. Our responses to crisis situations have been reactive. We plan in hindsight to events that threaten our business continuity. Ours is an employee intensive industry engaged in fore-planning security programs designed to protect people and property at client's premises. We must learn to guard our own flanks and fore-stall challenges from statutory compliance issues.

The Guests of Honour were Ajay Kashyap, Jt. Commissioner of Police (Southern Range) and Kunwar Vikram Singh the National Chairman of CAPSI and APSI. The Jt. CP gave a power-point presentation on Delhi Police initiatives for better policing and assured the elite gathering of close cooperation with the PSI. He was happy to learn of the joint intelligence-security-safety cover provided for the world's second largest exhibition PLAST India held in the first fortnight this month by the leading experts present. K. Vikram Singh elaborated in his talk that the joint operation between three discipline leaders of PSI; Scientific Security & Management Services Pvt. Ltd.(Security Services), Lancer's Network Ltd(Intelligence cover) and C. Pal Singh(Consultant on terrorism and security) was a business strength sharing made possible by CAPSI networking.

The other speaker of the day (Maj.) Mandeep Garewal highlighted his personal views on what was meant by "grey market" and "black market" and how these shades of grey and black were practiced in the PSI and at times were spawned by the indiscriminating end customer himself. Delegates present debated ways and means by which CAPSI could curb this menace. K. Vikram Singh announced that amongst many measures benefiting the PSI, CAPSI had undertaken a major project to register, accredit and track security employees irrespective of their 'employer brands'. Sanjeev Paul, the young and dynamic CAPSI DC Secretary General (the man behind the day's show) presented a brief activity report of the Chapter highlighting the DC TEAM's voluntary contribution of time, efforts and finances to further the cause of the PSI and exhorted the PSI to participate more actively. Sanjeev spoke particularly of the permission availed from Delhi Police for access by CIT vehicles in "No Permission" zones. He also informed industry leaders and members present that DC (Delhi Chapter) was continuing to make persistent efforts with the Delhi Police for relaxing the stringent norms on Arms Licensing that were throttling the Gunmen vertical of the business. Ravi Kapur was meticulous as MoC and Capt. Kuldip Singh, Vice-Chairman, Delhi Chapter delivered a sterling vote of thanks in his inimical style laced with urdu 'shero-shayri' and invited the guests to the drinks and the sumptuous lunch.

Overheard at lunch was C. Pal Singh thanking Wasu for providing a platform which excelled both at networking and sharing of expertise. Lalit Mattoo, industrialist and security entrepreneur was happy to access professionals and experts such as Gen.Chahal, Maj.Gen. Atma Singh, C. Pal Singh, Ajay Kashyap, former Director ESI, SS Malhotra, well known private investigator Subhash Wadhawan and others.

A NEW CHALLENGE FOR THE PRIVATE SECURITY INDUSTRY

By : Lt Col (Er) S Kaul, FIE, (Retd.)
Ex NSG Commando
Decorated by DG-NSG Commendation Card
Secretary General, CAPSI, Maharashtra
Director, ZeeTen Security and Detective Services

(Contd. From Vol. 10)

I begin by saying again... "Whenever there is an all round development, let it be known, if there is development of Social elements, there is also an equal and a parallel development of Anti-Social elements. The only remedy is to remain one up".

And to this I add... "If the 'Bad' is not there, then the 'Good' will never be there".

Let me also add further, that the "Good cannot disappear completely, since the Bad has to exist, more so the good thing is that it is the 'Good' which is required to take care of the 'Bad' ultimately".

Fortunately, the Bad knows about it! So why worry?

Therefore, the only answers to ensure Goodness all around is to either partially eliminate, or weaken the Bad, and then confine the rest of it, completely & forever. So to do only this much, for so much ultimately, why worry again?

Hence, let's analyze, when it comes to repeated Terrorists attacks the world over, with the magnitude & mode of the same rapidly increasing, and changing dangerously every time, as if 'Bad' is becoming 'Worse', then there is no alternative but to strengthen the 'Good' and do the rest, for a long drawn battle of Goodness. The sooner, the better it is!

So let's (Security Providers), rise to fight this 'Part Battle' of 'Goodness' at our level and leave the rest to the Government.

This 'Part Battle' can be easily started by us...the Security and Detective Companies located all over the Country, in fact the world over, to ultimately strengthen the 'Good' in our Country and World at large.

The 'Good' & 'Bad' together apply to a whole lot of 'People' on Planet Earth. In other words 'People' comprise the 'Good' and 'Bad' elements when put together. Unfortunately, and strangely it is barely 2% 'Bad' forming part of the 'People', who are at large to do 'Bad' to the rest 98% 'Good'. It is thus 'the Least' versus 'the Maximum'.

98% of the 98% 'Good', if analyzed correctly, are very Peace loving, but unfortunately are docile to such an extent that barely 2% of the 2% 'Bad' coming in the open, can take them to ransom, so easily and suddenly, that it is virtually beyond the scope of any well coordinated force or organization on behalf of any Government and in location as in charge of the 'Good', even to stop it at the first instance or before 'Bad' happens to the 'Good'.

Let's understand first, clearly and firmly, that Terrorists and Thieves have no firm ground beneath them, that once they have struck & stolen, they have to perhaps exit speedily, lest they are either killed or caught.

With my experience in the NSG, I can boldly say, if the Good has learnt or is trained to stand & face the Bad firmly and intelligently, the Bad will either quit or vanish into thin air, without having been able to cause the intended damage, and that should be the immediate aim of the Good, rather than allow the Bad to achieve its immediate aim, and in the bargain get killed unnecessarily and innocently like a lame duck.

We must not, being true and worthy Security Providers of the Nation, accept this to happen to the simple and innocent People of our Nation forming part of the Good.

Therefore, 'Preparing People' is the only answer.

"Preparing People" is "Making People Anti-Terror Warriors" for the initial brunt of the terrorist attack and before the desired security back up is in place to take over. The duration of the initial period could be easily defined any where between 10 seconds to 10 minutes to 01 hour.

To be Contd...

Notes from the ED's Desk

The onset of the year 2009 brings lots of hopes and expectations for the enhancement of the membership into the Central Association of Private Security Industry & the Association of Private Detectives & Investigators. While, we at the Central Secretariat at Delhi tried our best during the year 2008 but the results have not been that rewarding as it should have been as far as the increase in the memberships of the twin associations is concerned. Since the strength of our associations lie in its base of the membership as such we shall request each member of the twin associations to take upon themselves to share the responsibilities of enrolling the new members in the respective association during the current year. The Regional CAPSI & APDI Chapter Chairmen & Conveners are also advised to please ensure that their regional chapter memberships are increased many folds during the current year.

Our endeavour to continue with the issue of newsletter of CAPSI & APDI called "SECURITYPOST" during the current year, we would like the continuation of the support from our esteem members in the form of advertisements and security/detective related articles as was done during the last year.

We would like to wish safe and enjoyable festival of Holi.
